## MANUAL COLD LAMINATOR

### Unique Features!

Manual roll-to-roll cold laminator, 1590 mm.  
120mm silicon rolls, **material thickness up to 35mm.**

Quick and easy to use, it allows you to save time and improve productivity. With the Xlam 1600 Manual 2.0 laminator, increase the quality of your work by improving the protection and color rendering of your prints.

### High efficiency

No fold or bubble, always guarantees excellent results even in the lamination of wider supports.

Thanks to the **pneumatic lifting** system, it allows you to speed up the loading and picking up of the material. The Xlam 1600 Manual 2.0 laminator is the ideal solution for those looking for a **simple, cheap and reliable solution.**
